ANNA M. BAILEY

1887 -- 1982

Mrs. Anna Bailey died March 25, 1982 at the age of 94. She was married to Dr. George Samuel Bailey in 1918 and moved to Hillsboro in 1919.

"Nurse" Bailey, as she was affectionately called, began her duties as nurse for the District Nursing Association in 1929, retiring in September of 1975. She also served as Hillsboro's school nurse for 36 years, retiring in June of 1976. She remained active in Hillsboro continuing to administer to the needs of the sick until her death.

In March of 1971, the townspeople honored her by having a wing at Hillsboro-Deering School named the "Anna M. Bailey Wing". She was also honored by the New Hampshire Division of Public Health Services for her 36 years of service to the people of this area.

SELECTMEN'S REPORT

The end of 1982 found the Selectmen with some of the problems of 1981 still unresolved. However, there is hope on the horizon that most of them will be cleared up in the near future.

As we all know, the Patten re-appraisal was a disaster and is still in litigation. Our tax map was another, but a new one is well on its way to being finalized and every precaution has been taken to assure accuracy without loss to the Town as in the past. This is a must item before another appraisal which must be finished by 1984. This was mandated by the State Tax Commission after a public hearing and upon delivery of a petition by Hillsborough residents.

Our Waste Water Treatment project has been stalled for years by the many bureaucracy involved. In spite of untold hours in negotiations with them by your committee, at this writing it has not been finalized. It has been a frustrating experience for all concerned.

Better prospects are in view for the Hydro Generating Plant at the Hosiery Mill Dam. Without going into details it appears that this project will mean added revenue for the Town.

Without doubt, the costs for Welfare recipients and Old Age Assistance will escalate this year. Not only are we being snowed under by requests for aid but further cuts in State and Federal funding must be anticipated. Despite a tight rein in Administration, unless the economy picks up fast there is no bright forecast for improvement and we offer no predictions for budget compliance.

Another item for concern was the expenditure for repairs to our heavy equipment. Our operators made many of them for which we can be thankful. But to many of us the combined charges for parts and professional labor seemed astronomical, but unavoidable if proper services were to be rendered. Some repairs may have been anticipated but were never presented to Selectmen for budgeting.

Ervin Lachut was elected at last Town Meeting as a new member to the Board of Selectmen. In September Tom McClure resigned due to the pressure of expanding his business and other activities he was committed to. We thank Tom for his staying power during the Patten fiasco. To fill the vacancy the Board appointed Walter Taft who has gener-

ously extended his expertise and time to the Board for the last six (6) months.

After a long search through many applications and a period of interviews, the committee appointed to hire an Administrative Assistant, chose Peter Chamberlin from Andover, N.H. Peter comes to Hillsborough well recommended and has served in this capacity before coming here in January. We are confident he will prove to be an asset to the Town.

We are indebted to the many public spirited citizens who have given so freely of their time to serve without compensation on our various committees. We feel it appropriate also to thank our Town Employees who have cooperated to deliver the services desired.

State of New Hampshire

TOWN WARRANT

To the Inhabitants of the Town of Hillsborough, County of Hillsborough in said State, qualified to vote in Town affairs:

You are hereby notified to meet in Hillsboro-Deering High School Auditorium in said Town on Tuesday, the eighth day of March, next at ten o'clock in the forenoon. PARK BOARD REPORT

Once again it is the time of year for the seven man Board responsible for Hillsboro's Parks to review the use of these areas by the young and old of our community. We like each year, to look back at our Parks and report to you, citizens of Hillsboro, on what your dollars have meant to upkeep our grounds, pay our Manahan employees, keep our young happy with baseball, tennis, swimming and all around enjoyment for everyone living or visiting here.

It is the desire of each of us on your Park Board to wish you all another good year as we venture into 1983. We look for a good year, one that will show changes in our Town Government, employees, a new position of Administrative Assistant, and one change of membership on our Park Board.

Early in April the maintaining of our wooded areas, ball playing fields, tennis court and picnic areas got underway as the weness of winter started giving way to the urge of spring.

As we were pruning out dead branches from Manahan and Beards Brook the back wooded area of Grimes Field received cutting and removal of brush. Our ballfields had to be dried up, raked, holes filled and bases with home plate and pitchers rubber installed on three fields.

Rubbish barrels were placed with leniency within all our parks, at our two public boat launching areas and at Gleason Falls and Brook areas. These barrels were kept empty as they were checked twice a week.

Averaging to meet every second Tuesday, our members were in constant awareness from local and surrounding news of the apparent decline in all economy of our area and the country. We tried very hard as a volunteer group interested in the fun of leisure sports to bring more relaxing hours to one and all.

As our Public Works Supervisor and his men were preparing our beach area at Manahan, making repairs to our raft and grooming our dirt roads to the Park we now knew it was time to hire our Director, Lifeguards and Beach Aid. After advertising these positions in our weekly paper, screening the applications received and adjusting our open hours to an earlier date with our closing in August later, we decided on the hiring of four young ladies. Miss Donna Miles was hired as Beach Director, Miss Lisa Bennett as one Lifeguard and Miss Karen Falk as the second Lifeguard, Miss Maureen Whitney was hired as an aid to the Director and Lifeguards. Our thanks to these fine young ladies for a job well done. Our thanks also to Mrs.

Robbins and Mrs. Charron for their meeting and suggestions for an improved life saving and instructional program.

At our picnic areas in Manahan this season we provided two new double out-door fireplaces and ten picnic tables. Beards Brook received two new fireplaces and four picnic tables while Grimes Field also had six picnic tables and a new fireplace. We feel the effort was truly endorsed with the use and compliments received.

Eleven hundred dollars was used to spray the wooded area around the beach and picnic areas to rid our trees of the gypsy moth.

Our Little League Baseball Program coached by Gerry Gallo, Tom McClure, Jim Perham and Jack Johns proved a great season with a winning team. The Farm Team Baseball and our Traveling Farm Team made great strides under Chris Ellingwood, Bob Winters and numerous other volunteer helpers.

With the filling of ruts, seeding of torn up turf, twice a week mowing and trimming of ball fields and parking areas our maintenance was a continuous challenge which meant a lot of hard work and an expense for our Town. New safety fences installed in front of all player benches and a new back stop for a fourth ball field along with new bleachers and player bench seats all add a plus to our Grimes Field complex. The Tennis Court receives a lot of play and three new horse-shoe pits have been found and used by many.

New painted benches, set out flowers and shrubbery with the daily cleanup of the grounds kept our small Butler Park a center for young and old to visit. We thank once again the Garden Club for their contributions here.

Continued observance of decent young and old at Beards Brook revealed that our people do enjoy and respect the undertakings to keep this a loving old place of beauty and restful bathing.

We are not sure of how much we will be able to afford here at Beards or at any of our parks this year as already our Selectmen have found it necessary to reduce our proposed budget for "83". We can promise you this - that we all are aware of the increasing use each year of Beards Brook and hope as soon as we can to better our program of keeping this and all our parks a safer and secure home of family outing.

In the mentioning of Manahan Park, with all the work at the boat launching area by the Lions Club, and Boy Scouts, the weekly cleanup of down brush, widening and grading of roads by our Public Works Dept. and the never ending care of this

forest land, I would like to remember with great affection the life of Mrs. Manahan, the memory of Mr. Manahan as we will cherish this gift to Hillsboro always.

It would seem fitting also at this time to remember and thank our friend and long time Park Board member, Frank O'Neal for his dedicated years of service to keep Manahan Park with pride in the memory of these fine people.

In closing, thanks from our Park Board members to all Hillsboro for its undying cooperation in our attempt to keep you all with smiles as you enjoy these parks.

POLICE CHIEF'S REPORT

During 1982 the Hillsboro Police Department logged 85,150 patrol miles. During this time 525 traffic summons were issued, with 300 warnings issued, and 990 calls for service were handled. The Hillsboro Police Department investigated a wide variety of criminal activity, from Simple Assault to Armed Robbery.

45 DWI's were also arrested by the Hillsboro Police Department along with 90 criminal arrests.

Members of the Hillsboro Police Department attended various police related schools during the year. Courses attended were - PR24-Instructors Course, Breathalyzer Examiner Specialist Course, Hazardous Materials Seminar, Police Management Seminars. Four special officers completed and received certification at the Part-Time Police Officers School.

Myself and the Hillsboro Police Department wish to thank all the citizens of Hillsboro for their continued support of their police department during the past year. We are looking forward to a safe and productive year for 1983.

Respectfully submitted,

RICHARD R. ROBBINS, JR.

HEALTH DEPARTMENT

Visiting Nurse Services continue to be useful to Hillsboro and Deering residents. We maintain office hours daily at the Medical Center from 8 to 9 a.m., and our fee scale has not increased. It remains at \$2-\$5 per visit.

In 1982 we held 6 blood pressure clinics for Maple Leaf residents in addition to 4 clinics for the community, with a total of 182 clients attending. Four W.I.C. clinics were held, qualifying 11 mothers and 55 infants and children of low-income families for federal nutrition assistance. Two immunization clinics were held at the school for school-age and pre-school children. One bloodmobile visit was held at school with 111 donors giving blood.

In September the nurses attended an educational seminar on pulmonary diseases, along with attending regularly scheduled meetings with N.H. Public Health personnel.

Mrs. Jean Smith is our advisory board chairman. Several new members are on our Board - Mrs. Ann Tolman, Mrs. Brenda Nazer, and Mrs. Kay Daniels. It was decided at a Nov. meeting that our V.N.A. should become active in trying to initiate a locally-run Hospice program. Mrs. Gail Johnson was appointed to pilot such a program to begin in January. A member of the Peterborough Hospice came to speak to the board about their 4-year old program.

We were most grateful to receive a copier machine from the Hillsboro Medical Services in December.

As always, it is a pleasure to be able to provide nursing services to area residents which in most cases wouldn't be possible without the Town's financial assistance.

Number of visits to patients	1,425
To Hillsboro residents	1,249
To Deering residents	176

HILLSBOROUGH VISITING NURSES

FIRE DEPARTMENT REPORT

FIRE CHIEF REPORT

There were 128 calls from January 1, 1982 to January 1, 1983. There were 5 structural fires, but only one major one. There were 48 chimney fires, 22 auto accidents or fires, 4 false alarms and 79 other calls, such as Landfill, brush, etc.

Hillsboro Fire Department sent apparatus for mutual aid to Washington 2 times, to Henniker 6 times and to Deering 5 times. We received aid from Deering 4 times, Washington 4 times and Henniker 5 times. The Fire Department received over 100 calls for advice on wood stoves, heaters, etc.

We made over 50 inspections of furnaces, stoves and buildings. Most of the owners of business establishments and apartment buildings were very cooperative about bringing their property up to fire standards. The Hillsboro Christian Academy installed a fire alarm system, smoke detectors and rebuilt hallways, doors and fireproofed their basement; and were very cooperative in bringing their school up to fire standards.

The men of the Hillsboro Fire Department demonstrated, as usual, great dedication to the Department. Fourteen men, after many hours of school, received diplomas as certified firefighters, and one of them received a diploma as a certified instructor. Our response time is as good as a lot of full-time departments, due to the modern dispatch system. I would like to point out to our citizens, that they have 45 men who are on duty 7 days a week, 24 hours a day, for less than the salary of one salaried worker.

I would like to thank all my men and all the people of Hillsboro for their fine support. Just think what would happen if the volunteer firefighter didn't volunteer any more.

HILLSBORO RESCUE SQUAD

Congratulations Hillsboro, Deering, Washington and Windsor, as these our service areas saw a 10% decrease in the total number of rescue calls in 1982 over 1981. A complete list of the calls per town plus their nature follows.

Hillsboro		Henniker (Assist)

In March our Squad purchased two cold water rescue suits. These suits enable two rescuers to aid a person or persons who have entered cold water conditions that could lead to hypothermia and/or death. These suits can be worn over the rescuers own clothing which allows them to put the suits on in the ambulance while in route to the incident scene.

In July we, with the help of many local citizens and various organizations, purchased a set of "Jaws of Life" rescue tool. This has been the largest monetary purchase by us second only to the purchase of our ambulance. After each member of our squad along with several members of the fire department were adequately trained with the Jaws, letters were sent to Antrim and Henniker rescue units notifying them that Hillsboro had such a tool and our desires to aid them in case a situation in their service areas ever constituted its use. Although we have not had to use the Jaws in an actual rescue situation it is a reassuring feeling knowing we have such a tool and the trained personnel to use it at our fingertips.

In August the squad held its 20th anniversary, which still makes us the second oldest rescue squad in the State, by means of an open house at the Fire Station. Approximately 120 guests

joined us in our celebration, and they were shown various equipment displays and rescue skills by our members. Certificates of Appreciation were presented to representatives of several organizations who make yearly contributions to us.

Like every year it would take a book within itself to thank everyone by name for their contributions and moral support. I would, however, like to thank the First Responder Squads of Deering and Washington for their continuing help in responding to calls with us in their respective towns; to our own Auxilliary Members who have again proven to be a great asset to us as well as the Fire Department, and to my first and second Lieutenants Ray Barker and Jim Knight in helping me govern our organization.

Respectfully yours,

DWIGHT D. GOULD SR., Capt.
Hillsboro Fire Dept. Rescue Co.

OFFICE OF YOUTH SERVICES

OYS director, Gary Wall, left the position on June 18, 1982. The position was vacant while the OYS Advisory Board assisted the Board of Selectmen in hiring a new director.

On August 16th, Pauline Laliberte began work as director. Working in close cooperation with the Board of Selectmen and OYS Advisory Board, Laliberte reactivated services for Hillsboro youth.

OYS currently provides crises intervention, advocacy, and counseling to families with children up to age 18 who are referred from any source. A host home program for emergency foster care and the Friends-Hillsboro program, a voluntary program matching youths with adults on a one-to-one basis, are two programs being developed to meet immediate needs in Hillsboro.

Twenty-six (26) families, including 16 males and 19 females, have been served through OYS from August through December 31, 1982. Referral sources include juvenile court, various school personnel, state and local welfare staff, police, ministers, parents, and youths themselves.

Twenty-three (23) of the youths were in the 10 to 17 yr. range, five (5) were 6 to 9 yr. olds, and seven (7) were pre-schoolers.

Eighty-eight (88) days in host homes were used by Hillsboro youth. Five (5) homes provided care.

OYS provided 388 in-person contacts, 356 telephone contacts, and 37 letters in behalf of the 26 client families.

General information and referral for people in the community was provided through 113 in-person contacts, 251 telephone contacts and 64 letters.

Various projects have been established or explored through 74 in-person contacts, 158 telephone contacts, and 37 letters.

Documentation of OYS activity will eventually build a profile of useful data for youth programming in Hillsboro.

Members of OYS Advisory Board are Jeffrey Page, Peter Foss, Trim Hahn, Richard Herman, Barbara Murphy, and Jane Spragg.

HILLSBORO CONSERVATION COMMISSION

Your Conservation Commission co-sponsored with the Bird and Garden Club, Sheila Vera, a teacher at Hillsboro-Deering Elementary School, to the Conservation Camp which is provided through the Society for the Protection of New Hampshire Forests. The Commission usually co-sponsors a student in the high school but it seemed more practical in 1982 to have a teacher attend so that she might pass training on to local students.

Our tree planting program appeared successful this year under the guidance of Allen Reedy. There were three sugar maples, two red oaks and one linden planted in the spring at various places in town. We are all thankful for Allen's guidance in the proper methods for transplanting trees before his resignation from the Commission after many years of service.

Alexander MacFarlane has embarked on development of a nature trail and area on the River Walk property involving staff members of our school as well as technical help from naturalists outside the schools.

Your Commission, at the urging of Mr. MacFarlane, convinced the Board of Selectmen of the possible lead contaminant dangers resulting from using waste oil to alleviate dust conditions on gravel roads. The Board agreed to suspend the practice until either a practical alternative is found or a testing procedure is instituted for the waste oil.

Mark Matz has undertaken the marking of boundaries of Conservation Commission administered property. The River Walk property, House Rock and Gleason Falls have been marked in preparation for red paint marking in the spring. Member Matz also did the majority of weeding and striping on our nursery at Fox Forest.

This year your Commission has asked for an appropriation for the acquisition of property fund. We have a project in process at the present time which may use most of our present fund.

Your Commission is presently short two members. We meet the second Wednesday of each month upstairs in the Community Building at 7:00 P.M.

TOWN BARN COMMITTEE REPORT

The 1982 Town meeting accepted the recommendation of the Town Barn Committee to plan and construct a new Town Barn at the same location as the Sewerage Treatment Plant. The Town Barn Committee was to continue its work and assist the Selectmen with the Sewerage Committee and in determining the size and configuration of the type of construction and costs for the purpose of putting an Article in the 1983 Town Warrant to raise and appropriate necessary funds. The goal for this recommendation was to complete construction during the Summer of 1983.

It is quite possible the Sewerage Treatment Plant will begin construction during the Spring of 1983 but completion is

not expected until sometime during 1984. Accordingly, the coordination between construction was such that it now appears unwise to attempt to build a new Town Barn in 1983. It is feared the size and configuration of a new Town Barn, if constructed in 1983, may not meet the requirements for various Town Departments and circumstances prevented adequate and proper coordination.

The Town Barn Committee, therefore, recommends the 1983 Town Meeting defer any action on the construction of a new Town Barn to the 1984 Town Warrant in order to allow those persons directly involved to participate in the coordination and determination of the right construction that will best fit the needs of the Town, and that the Committee be continued an additional year to assist the Selectmen and other Town officials in completing the new Town Barn in cooperation with the Sewerage Committee.

PLANNING BOARD

The Town of Hillsborough Planning Board met regularly in 1982 on the first and third Wednesdays of each month as well as holding four special meetings.

The actions taken by the Board include the following matters: Ten plans were approved for recording purposes only, four public hearings were held including those for proposed revisions of the Subdivision Ordinances, two site plan reviews were conducted, six annexations were recorded, two minor subdivisions were processed, five general consultations were held, Site Plan Review Regulations were drafted and approved after public hearings, and one illegal subdivision was reported.

The Master Plan Committee is still looking for additional volunteers. An accurate Tax Map will be of great assistance in

establishing current land useage so that future use can be projected. We will begin contacting local civic organizations to ask for their input.

JOHN E. TOLMAN, Chairman

HYDRO STUDY COMMITTEE

Your committee working closely with International Engineering Company (IECO) did obtain the necessary "Exemption from License" in early 1982 and we proceeded to interview a variety of developers, financiers and construction firms in order to determine the best route for Hillsboro to enter the "world of Hydro Power".

On September 21st we presented our recommendations to the Town at a special meeting where we were authorized to proceed with contract negotiations with our chosen developers, the J. J. Lowrey Company of New York City.

Since that meeting, representatives of our Committee and IECO have met with Lowrey officials and have prepared contracts whereby the Town retains ownership of the dam, power house site and the water rights while the developers finance the construction of the power house and all other facilities necessary to generate power for purchase by the Public Service Company of N. H.

At a date yet to be determined, we will be given the option as a Town to purchase the physical assets of the project so that we may enjoy the future financial reimbursements from such a project or we may elect to allow J. J. Lowrey to continue operating the project for a pre-arranged number of years. Such details will soon be available for all to review.

Unfortunately, we have been informed by J. J. Lowrey that the turbine which has been selected, a unit manufactured by the Axel-Johnson Company will probably not be available in time to guarantee generation start up by the end of 1983. All of us on the committee have the confidence in our engineering and development representatives to believe that the Hillsboro Hydro Generation Project should be a working reality early in 1984!

WASTEWATER TREATMENT COMMITTEE

1982 has been a year of expectation, confusion, delays and a fresh challenge for your committee. We had every reason to believe that we would commence construction on our innovative treatment plant in 1982, but a series of delays, involving legal battles, engineering updates and cautious technical reviews delayed the bid opening until January of 1983. The collection systems (Contracts II and III) were bid in December of 1982 with both bids basically in line with total estimates of approximately 2.2 million dollars.

As we approach our 1983 Town Meeting, it is necessary to advise the citizens of Hillsborough that because of substantial inflationary changes in engineering and construction costs, the N.H. Water Supply & Pollution Control Commission has advised us that they will not approve or provide additional funds that would have increased the total cost of the project to almost \$9,000,000! Equally important, the annual household "user fee" would have totalled more than \$200.00; an amount unacceptable for a community such as Hillsborough.

Your committee has always strived for an energy efficient facility with annual fees as low as possible. With this in mind, we have reluctantly decided to abort the solar-energized innovative plant in preference to a less expensive, lower annual operational and maintenance fee facility. Details and prices will be forthcoming shortly, but we can say that combining all changes to date, will not require us to ask the Town to increase its share of the total costs, nor will there be any request for bonded indebtedness above the presently approved \$7,000,000.

We are anticipating a rapid design and bid preparation by a new engineering firm, so that construction can start in the spring of 1984. This, in conjunction with the planned two year collection construction schedule, will bring us to the previously announced project completion in late 1984.

FOREST FIRE WARDEN & FOREST RANGER REPORT

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the N.H. Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention and control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire citizenry can this record be maintained.
